Announcements

[List all announcements made at the meeting. For example, new members, change of event, and so forth.]

- [Need a heading? On the Home tab, in the Styles gallery, just tap the heading style you want.]
- [Notice other styles in that gallery as well, such as for a numbered list, or a bulleted list like this one.]

Discussion

[Summarize the discussion for each issue, state the outcome, and assign any action items.]

1. What did your team do well last week

- Refactor to modular monolith using Maven Modules and decouple modules, by using interfaces in the backend.

- Level 1 requirements for user and order is finished in the backend.

- JWT Authentication is implemented in the backend.

- Working on the remaining figma (farmer, receptionist, and sprayer)

2. What are the **impediments** of your project

- GoogleMap API keeps running into troubles

- Deadlines of other courses.

3. What are your **solutions** to address the impediments stated in section 2. **until the next week meeting**.

- Research and implement another map

- Work on front end as much as possible

-

Note: none

Roundtable
